

American Association Magnates to Join in Big Meeting Here—Columbia Five Beats Dartmouth

WESTERN MINORS TO BE HERE NEXT WEEK

American Association Magnates to Take Part in Big Conference.

CHIVINGTON HAS POWER

Ebbets Comes Home With Signed Contract of Pitcher Bull Wagner.

In addition to the schedule meetings of the National, American and International leagues here next week it was learned yesterday that a majority of the American Association clubs will have representatives on the ground for the purpose of watching developments regarding the proposed transfer of the Toledo franchise to Chicago. President Thomas Chivington of the American Association will head a delegation, including J. C. McMill and William Smith, the new owners of the Indianapolis club; George Tebeau of the Kansas City club; Robert Quinn of the Louisville club; and J. H. Hays of the Louisville club. As C. W. Somers of the Cleveland Naps owns the Toledo club Chivington will have a working majority. It is expected that the Toledo club will be sold to the Chicago Cubs, who are expected to be the new owners of the franchise.

Chivington has held many conferences with Ban Johnson and Somers recently and is known to favor a shift that will enable the American Association to enter Chicago. It is said that he has received official permission from all the clubs in the circuit to transfer the franchise to Chicago. The presence of the association men here next week will give interest in the report that the Chicago Cubs are planning to buy the franchise in that city. It is reported also that there is a scheme on foot to induce Robert L. Hodges, owner of the St. Louis Browns, to sell the franchise to the Cubs in that city. It is reported also that there is a scheme on foot to induce Robert L. Hodges, owner of the St. Louis Browns, to sell the franchise to the Cubs in that city.

The Federals are keeping quiet just now and there is no word of a well-kept racket yet. It is expected that before the storm, Weekman is deeply interested in getting in organized baseball circles next week, so keep your eye to the ground. The Chicago Cubs are expected to be the new owners of the franchise in that city. It is reported also that there is a scheme on foot to induce Robert L. Hodges, owner of the St. Louis Browns, to sell the franchise to the Cubs in that city.

President Harrow of the International League sent a dispatch to J. H. Hays of the Buffalo club in that circuit yesterday advising him to warn the Buffalo fans that the Cubs are ready to transfer the franchise to Chicago. It is reported also that there is a scheme on foot to induce Robert L. Hodges, owner of the St. Louis Browns, to sell the franchise to the Cubs in that city.

Pittsburgh was the scene of a story that reached yesterday to the effect that St. Louis National, and John M. Ward of this city were interested in establishing a new York Federal League club in 1915. Ward previously has been taking part in any such movement, and while he was corroborated by Muckenfus the latter admitted that plans for the new club had been made.

"Mr. Ward is not associated with me in this venture," said Muckenfus. "As a matter of fact our syndicate was formed some time ago and the plan was to build a stadium at Corona, L. I., but it is absolutely impossible for us to get ready this year. I received word from a leading Federal League manager, who was asking if we could take the place of Toronto in the new circuit. I replied that in view of the short time between now and the opening of the season, it would be foolhardy to try to start here. For that reason you can say that the Federal League has abandoned the idea of invading this city next year. When that arrives we will be ready for business and we will not be compelled to ask for outside assistance. We have the money now."

President Ebbets of the Brooklyn club arrived yesterday afternoon from a hurried trip West with the signed contract of Pitcher Bull Wagner in his pocket. Wagner, who lives at Spring Lake, Mich., had not been heard from for several weeks in spite of the fact that a contract was mailed to him. Ebbets received a tip from Chicago several days ago that the Federal League were trying to induce Wagner to jump to their circuit, so the Brooklyn club's president decided to head them off.

Harry Williams, the New York American's first baseman, in a letter to the club officials, denies that he has just been married. He said that his brother Gus, outsider of the Browns, is guilty.

Three New York Men Quitted

Four starters will see the rubber for the 22nd Metropolitan championship swimming race, to be held in the New York Athletic Club pool, on Saturday night. N. Y. A. C. will be amply represented, for in the trial heats held in that club's tank last night J. Wheatley, Bud Goodwin and N. Smith, all of the N. Y. A. C., qualified. The fourth man is H. Knecht of the West Side Y. M. C. A. Wheatley and Nether won their heat with Goodwin and Knecht second.

Soccer Game Again Put Over

Poor weather conditions having interfered twice, the managers of the International soccer match between Ireland and the Continental team, under the auspices of the New York Football Protective Association, have decided not to have it take place this afternoon, but to arrange a doubleheader for the afternoon of Washington's Birthday, when the game between America and Scotland will also be played.

Advance Time for Tennis Draw

The draw for the national indoor lawn tennis championship tournament, which was made Tuesday afternoon at 4 o'clock at the Seventh Regiment Armory. This is a change from the evening of the same day, which previously had been announced. Yale will be represented in the tournament by its complete team and the draw was for advancing the time of the draw was so as to give its competitors being properly notified of their matches.

Sailors Can't Swim; Diphtheria on Board

The lads of Townsend Harris High School were scheduled to meet the bluejackets of the U. S. S. Arkansas in what was said to be the first meeting between a city high school and athletes of the Government's defense, last night in a swimming meet in the City College tank. The clash did not materialize, however. Word was received that the sailors could not swim, as diphtheria was reported on board and the cruiser would have to be quarantined before any one could leave. The innovation is to be introduced later.

HARVARD AGAIN GOES OVERTIME

This time Yale's seven is victim of late rally. Boston, Feb. 6.—Harvard defeated Yale on the ice at the Arena to-night by the score of 4 to 2, overtime being necessary to decide the contest. It was the third successive extra period game for the Crimson hockey team. Yale did not play well, however. It was the only tie to show speed, and for Harvard Clavin had more ginger than any of his mates. The handling of the puck was not certain, the tactics of both teams and spills were frequent.

Hopkins and McDonald did all the scoring, the former getting four goals for Harvard and McDonald doing the coxing of Yale's three. On two other occasions Hopkins scored, but the referee did not allow them because the Harvard man was certain the puck had received the puck. At the end of the first period the score stood 1 to 1. The lineup:

Harvard: Positions. Yale: Positions. Right wing. McDonald. Left wing. McDonald. Center. McDonald. Forward. McDonald. Defense. McDonald. Goalkeeper. McDonald.

SETON HALL FIVE RALLIES

Muhlenberg puts up good battle, but is beaten 23 to 17. SOUTH ORANGE, N. J., Feb. 6.—The Seton Hall basketball team defeated the Muhlenberg College team by the score of 23 to 17 in a hard game here to-night. The Seton Hall team gave the local aggregation a hard tussle, but the latter springing a late rally to win the game. Seton Hall led at the end of the first period, 12 to 12. The lineup:

Seton Hall: Positions. Muhlenberg: Positions. Right forward. Muhlenberg. Left forward. Muhlenberg. Center. Muhlenberg. Forward. Muhlenberg. Defense. Muhlenberg. Goalkeeper. Muhlenberg.

AIMS TO BAR BOOKMAKING

ANNAPOLIS, Md., Feb. 6.—Debate Hall of Baltimore introduced in the House today his anti-racetrack gambling bill, which is expected to be passed by the Maryland legislature. The bill prohibits pool selling or bookmaking in any form whatever, in writing or without writing, at any place in the State, on land or water, at any time and under any conditions. It, however, does not prohibit horse racing.

AVALANCHE HITS ADELPHI

Clinton Braves Brooklyn Five Under Score of 52 to 11. De Witt Clinton, the Manhattan basketball champions, won from Adelphi Academy yesterday on the latter's court in Brooklyn by the overwhelming score of 52 to 11. Clinton's attack was a perfect one, and the Adelphi team was completely overwhelmed. Clinton rolled up a score of 21 points and the Adelphi team to seven. Farrer, Clinton's star, scored 25 points. Moneybags and Vaughn were best for Adelphi. The lineup:

De Witt Clinton: Positions. Adelphi: Positions. Right forward. Moneybags. Left forward. Moneybags. Center. Moneybags. Forward. Moneybags. Defense. Moneybags. Goalkeeper. Moneybags.

Kilbane Light on His Own Scales

Philadelphia, Feb. 6.—Johnny Kilbane, featherweight champion, demonstrated today that he is a legitimate featherweight, notwithstanding all the printed comments to the contrary, by knocking out the scales at his own weight of 125 pounds and proving that after exactly two days work in five weeks he weighs just 125 pounds. "That's nothing," remarked Kilbane, "he stepped on the scales, 'I can make 118 pounds rightside and be just about right for a championship battle.'"

Georgetown Downs Fordham

WASHINGTON, Feb. 6.—Fordham's basketball five suffered defeat to-night at the hands of Georgetown in Ryan Gymnasium, 25 to 15. Barrett for the visitors played great ball, scoring nine of his team's points, and some of his shots were of high order. Firestone was another lad who showed up well for Fordham, playing the greater part of the second half with a badly injured nose.

Dorians Strong and Fast

Philadelphia, Feb. 6.—Dorians, Pennsylvania's huge Greek strong man, proved himself to be a genuine strong man, by wrestling to-night against the mammoth fist of nineteen seconds to down his opponent, Gibbons, in the heavy weight class. The showing of the new makes the Quakers look formidable for the championship, as all but one of the seven events went to Red and Blue competitors.

Rivers Calls Off Cross Hairs

LOS ANGELES, Feb. 6.—Joe Rivers has called off his match with Leach Cross, scheduled for Washington's Birthday. He announced recently is an injured hand. Rivers says that doctors told him it will not be fit for service for a month at least. Jack Britton may be substituted for Rivers. KOLEHMAINEN STAYS OUT OF SPECIAL RACE

Chance to Determine Premier Two Miller, Offered by N. Y. A. C., Lost.

RATHER WAIT A WHILE

Will Let Championship Event on March 2 Decide It—Goulding Writes.

A chance to determine the best two mile runner in America has been lost by the refusal of Hannes Kolehmainen to join in a special race which the New York Athletic Club was desirous of adding to the programme for the games to be held in the Garden next Wednesday. Willie Kramer, who dodged the race at the Thirtieth Regiment which resulted in the death heat and a bunch of scandal, offered to run the distance at the Winged Foot meet if Kiviat and Kolehmainen would compete. The question was put up to the Finn, who preferred to wait for the race at the same distance in the championship meet on March 2.

The failure to arrange this race will leave the international relay the feature of the games. The Canadians have notified Capt. Pliginsk that the team from the Dominion will arrive here early on Tuesday so that the men may have a preliminary spin on the Garden track. The pick of the Canadian quartet is Jack Tremblay, the Canadian champion, who is credited with being the fastest runner in 44 seconds in the mile in the week C. M. Brock, who finished seven yards behind Meredith when the Quaker made the 300 meter record at St. Louis, is the next best man. Mac Phillips, an Englishman who can turn a quarter in 50 seconds, is the third string, and the team will be completed by a fourth stringer, a Canadian who can run any distance from a quarter to two miles.

The New York A. C. has made a shift in the order of running for the American team. Instead of leaving the relay to Ted Meredith it has been decided to give it to Tom Halpin. Mel Sheppard will lead for the United States, followed by Meredith and Homer Baker.

George Goulding, the Olympic champion walker, who will be in this city next week for a series of races, is expected to be friends here that he is traveling faster than ever over the board roads. The Canadian says that he is capable of a mile in 4 minutes, 20 seconds, and he will earn him a new best time in public. Goulding will be asked to give live handicaps to Bremer and Gifford.

A well balanced programme has been arranged for the games of the Paulist A. C. to be held in the Twelfth Regiment Armory to-night. Many of the local crooks are expected to be present, and the best of the handicap division will be seen in the Twelfth Armory.

FOOTBALL RULES UNHARMED

Committees Simply Get Together To Tackle Real Job Today.

The fourteen men who make and almost annually change the football playing rules, gathered in the Hotel Marlborough to-night for a meeting. No changes of consequence are expected in the rules this year and no action was taken last night. There will be another session today, when changes, if any, will be made.

There was a full representation last night, the fourteen committees present being J. A. H. H. Williams, Minnesota; A. A. Stuck, Chicago; Clyde W. Williams, Iowa City College; H. G. Cope, University of the West Indies; Kenyon, Yale; Percy Haughton, Harvard; Camp, Davis, Princeton; Carl Williams, Pennsylvania; Lieut. D. L. Sultan, West Point; Paul Anderson, Rutgers; Joseph Beacham, Cornell; and K. Hall, Dartmouth, chairman.

There was the usual enumeration of the two thousand and odd rules of the game, and the National Association of Football Players, who are the real makers of the rules, were present. The committee will be working on the rules, and the position of field judge, but the discussion on the whole was a long and tedious one, and it was not clear whether there was a desire for any changes at all.

George Foster Sanford, fielding H. Yost, Yale, and Kenyon, Yale, center, and W. N. Morley of Penn. were football men of note who were interested enough in the proceedings to drop in at the hotel.

SHOW BREAKS ITS RECORD

Crowd Heaviest of Week—Tonight Ends Motorboat Exhibition.

The tenth annual Motor Boat Show will come to a close this evening in Madison Square Garden. Yesterday the crowd was the heaviest of the week and in spite of the fact that last year, Washington's Birthday, a holiday, was one of the show days, the attendance this year is in excess of last.

The National Association of Engine and Boat Manufacturers held its annual meeting yesterday morning in the Engineering Building, 110 West Third Street. John J. Amory, president and secretary, were present. The association is a body of men who are members of the association as usual will get quite a large rebate of the amount they paid. Five members of the executive committee had to be elected to succeed those who were retiring from the board. They are elected for a period of three years and six were nominated. The men elected were James Craig of the Craig Engine Company, J. L. Snyder of the Waverline Company, Crispin Ogleway of the Ferro Company, W. H. Mullins of the Mullins Boat Company and Ora J. Mulford of the Gray Company.

DARTMOUTH FIVE GIVES COLUMBIANS A SCORE

Green Team Defeated 21 to 16 After Terrifying Race in Second Half.

Dartmouth slumbered the first half of an intercollegiate basketball game with Columbia in the Morrisville Heights gymnasium last night, so a belated awakening in the second period still left her trailing by a score of 21 to 16 at the final gong. Columbia, too, seemed doped with an anesthetic for a short spell in the second half, but Capt. Danny Meenan, by playing a wonderful game himself, spurred his team on to better efforts.

That Dartmouth even gave Columbia a score was a surprise. Three regulars, Sisson, Capt. Snow and Margeson, were in the early rounds and had the advantage of the first four rounds. Snow was declared ineligible Thursday night, just before the team left for New York. Louden, of football fame, with his nose wrapped in court plaster, presented a crippled appearance in keeping with the condition of his team. He and Winslip played the last two rounds, and the team passed well under Columbia's basket, and shot poorly, except for a spurt in the second half, when Columbia's lead narrowed down to a one point margin.

Meenan, Weescher and Benson starred for the Blue and White league leaders. Weescher made a brilliant goal after intercepting a pass intended for Meenan, and doubling half way down the court. Louden blocked him and he shot a clean goal while off his balance.

Meenan, who had been strapped to his belt, but it did not seem to interfere with his playing except on hard passes. Benson played his usual commendable game, while Lee for the most part appeared sluggish.

Columbia now leads the intercollegiate league with four victories and no defeats. The lineup:

Dartmouth: Positions. Columbia: Positions. Right forward. Brownell. Left forward. Brownell. Center. Brownell. Forward. Brownell. Defense. Brownell. Goalkeeper. Brownell.

MAHON PROVES TO BE GENTLE BEARCAT

Pittsburgher, Skilled in Art of Making Own Blows Miss, Is Easy for Levinsky.

BATTLES REALLY BATTLES

Hits His Antagonist Speedily and Cleverly, With Edge in All but One Round.

Battling Levinsky, the overworked light heavyweight, was not very hard put to it to outpoint Tom McMahon of Pittsburgh before a big crowd in the main ten round bout at the Smoky City fight last night. Admiration of the Smoky City fighter expected that the so-called bearcat's boxing in style and heavy wallop formed just the thing to stop the lightning Hebrew's long string of victories. The battles had not progressed very far, however, before Levinsky showed that his speed and cleverness discounted McMahon's durability and strength.

Following the example of all the best known fighters, the pair shortened the bout to nine rounds by using the first to feel one another out. From the start of the second round McMahon swung and left and right mandibles throughout the fight. They were aimed at Levinsky's jaw, and if one of them had landed it would have spelled curtains for Levinsky.

During the second, fourth and sixth rounds McMahon's aggressiveness showed to good advantage and he had a fifth round victory. McMahon's aggressiveness showed to good advantage and he had a fifth round victory. McMahon's aggressiveness showed to good advantage and he had a fifth round victory.

Johnnie Dundee had the slightest sort of lead over Johnny Lore at the end of their ten round battle. Lore went into the fight at 137 pounds, two more pounds than he agreed to weigh in at, and lost his forfeit money thereby. Dundee made 122 pounds.

The little Italian showed plenty of speed in the early rounds and had the advantage of the first four rounds. Snow was declared ineligible Thursday night, just before the team left for New York. Louden, of football fame, with his nose wrapped in court plaster, presented a crippled appearance in keeping with the condition of his team.

AGASSIZ RETIRES FROM POLO

Veteran Player Will Sell His Ponies Here—Needs Time for Business.

Boston, Feb. 6.—Dudolph L. Agassiz of this city has given up polo and will sell his string of ponies in New York within a short time. His retirement from the game is permanent, as he feels that he must devote his time to his business.

Mr. Agassiz for years has been in the forefront of American polo players. He has been captain of the Myopia Hunt Club team and has played on most of the teams in this country. In 1902, when the English team retained possession of the international polo cup, Mr. Agassiz was one of the players.
